

## About NAAAP

The **National Association of Asian American Professionals (NAAAP)** is a 501(c)(3) not-for-profit organization where professionals of varying Asian descent work together to drive professional success. We seek to educate not only our members through professional and leadership development but also raise Asian American awareness in corporate America and ensure that Asian Americans are included in diversity programs.

As a charitable and community-based organization, we actively engage our members in volunteer and charity work within their communities.

Our mission is to:

- Cultivate and empower leaders for professional excellence
- Connect accomplished professionals for mutual success
- Engage and participate with the community-at-large
- Inspire leaders to make a meaningful difference in government, education, business, and society

New to 2010, NAAAP is offering an incredible **Leadership Development Workshop Series**. Sign-up for the three workshops individually or register for all three at a discount of 20%. Don't miss this opportunity to learn from world-renowned experts while building leadership and career development skills.

NAAAP holds a **National Leadership Retreat** every winter at one of the NAAAP venture locations. In 2008, the retreat was held in Nashville.

## About NAAAP - Colorado

According to the 2005 US Census, Colorado has 121,982 Asians and Pacific Islanders in the state, ranking 19th highest population in the country. Founded in 2006, the **NAAAP Colorado** Chapter's growth reflects our State's rapid rise as an emerging Asian population center. We provide leadership development through networking, key note speaker events, workshops, mentoring and community service. Committed to creating a strong and empowering network, we collaborate actively with national pan-Asian organizations and local Asian groups such as *Asian Avenue magazine*, Asian Pacific Development Center, AsiaXpress.com, Colorado Dragon Boat Festival, TIE Rockies and the Asian Pacific American Bar Association (APABA) of Colorado.

As an organization with a membership representing many fields, spanning medicine, technology, law, finance, education, entertainment, military and many others, we seek to create an organization where Asian Americans of all descents can work together to advance our collective career advancement and make significant contributions to our community through volunteer and charity work.

**NAAAP:** The National Association of Asian American Professionals is the largest and fastest growing Asian American professional organization in the U.S. and Canada.
